

LILY ANDERSON

Computer Science Undergraduate | Software Development | Machine Learning

Bengaluru, India • +91 98765 43210 • lily.anderson@email.com • linkedin.com/in/lilyanderson • github.com/lilyanderson

PROFESSIONAL SUMMARY

Computer Science undergraduate with a strong foundation in software development, data structures, databases, and machine learning. Experienced in building web applications and data-driven projects using Python, Java, React, and SQL. Interested in software engineering and applied AI opportunities where technical problem-solving and continuous learning are valued.

EDUCATION

B.Tech in Computer Science and Engineering

2024 – 2028

ABC Institute of Technology, Bengaluru, India

CGPA: 9.2 / 10

TECHNICAL SKILLS

Languages:	Python, Java, JavaScript, C
Web:	HTML, CSS, React.js, REST APIs
Databases:	MySQL, MongoDB
Machine Learning:	Pandas, NumPy, scikit-learn, NLP
Tools:	Git, GitHub, VS Code, Jupyter Notebook

PROJECTS

AI-Powered Student Assistant | Python, NLP, Flask

- Built a web-based assistant that answers academic queries and recommends study resources.
- Implemented text preprocessing, intent classification, and response generation using NLP techniques.

Placement Management System | React, Java Spring Boot, MySQL

- Developed a platform to manage student profiles, job opportunities, applications, and placement preparation.
- Designed REST APIs and database schemas for student and recruitment workflows.

Hand Gesture Recognition | Python, OpenCV, MediaPipe

- Created a real-time computer-vision application that detects hand gestures through a webcam.
- Mapped recognized gestures to application controls for an interactive user experience.

EXPERIENCE

Software Development Intern

May 2026 – Jul 2026

TechNova Solutions

- Contributed to frontend features and backend API integration for an internal web application.
- Worked with Git-based development workflows, debugging, testing, and code reviews.
- Collaborated with a small engineering team to deliver features against weekly milestones.

CERTIFICATIONS & ACHIEVEMENTS

- Google Cloud Computing Foundations – Google Cloud
- Python for Data Science – IBM
- Finalist, University Hackathon 2026

RELEVANT COURSEWORK

Data Structures & Algorithms • Database Management Systems • Operating Systems • Computer Networks • Object-Oriented Programming • Machine Learning

ADDITIONAL INFORMATION

Languages: English, Telugu, Hindi **Interests:** AI/ML, full-stack development, hackathons, open-source projects
